Jio tops TRAI's average monthly speed test chart for July

New Delhi, Reliance Jio clocked the highest average data speed for the month of July, data released by the Telecom Regulatory Authority of India (TRAI) on Tuesday showed.

Jio on Tuesday completed one year of commercially offering its telecom services across the country.

It is the seventh consecutive month for which the operator has topped the TRAI speed chart compared to incumbent players Bharti Airtel, Vodafone India and Idea Cellular.

Jio clocked average download speed of 18.331 mbps for the month of July, compared to Airtel at 9.266 mbps, Idea Cellular at 8.833 mbps and Vodafone India at 9.325 mbps.

Jio entered the telecom market in India with free voice call offer a year back.

According to sources, mobile data consumption in India went up from 20 crore GB per month to over 150

crore GB per month in the last one year.

According to industry sources, Jio carries more than 100 crore GB data per month.

"Jio is already carrying five times more data than all other telecom players put together in India," the source said.

Jio commenced its wireless telecommunication services in all 22 service areas from September 5, 2016.

On July 21, it was announced that more than 100 million in just 170 days. On an average, Jio added seven customers per second every single day.

Jio users consistently make more than 250 crore minutes of voice and video calls every single day, the source said.

The company announced the launch of JioPhone on July 21, available free of cost with a deposit money of Rs 1,500.

and that is why we need to make sure that the services we offer them when managing their supply chain is backed up by reliable technology solutions," said Damian Fazackerley, Vice President, Global IT Services Management for HAVI's Logistics Service Line.

"GCX's flexible, high availability Managed WAN Solution and its hybrid approach of combining the company's privately-owned Global Network with best-of-breed,

"HAVI is passionate about delivering what we promise to our customers

HAVI extends European network agreement with GCX

New Delhi, Reliance Communications (RCOM) subsidiary Global Cloud Xchange (GCX) on Tuesday announced the renewal of its agreement with HAVI to provide a fully-managed end-to-end hybrid network solution -- connecting more than 70 of its sites across its logistics business within western and eastern Europe.

"HAVI is passionate about delivering what we promise to our customers

Policy to promote agri exports in global markets soon: Prabhu

New Delhi, The government will shortly bring in a policy designed to facilitate access to global markets for Indian agricultural produce, new Commerce Minister Suresh Prabhu said on Tuesday.

"If farmers produce something, they should get access to global markets and get better prices for that, and for that we will put in place a good policy framework very soon," Prabhu, who took charge of the Commerce and Industry portfolio on Monday, said while addressing an agricultural summit here.

He said the Commerce Ministry will work on developing a global supply chain for the agriculture sector.

"As a minister it's my job to ensure that we develop this global supply chain and ensure farmers get better prices," Prabhu said.

"We will start working on that. This is on our agenda. My ministry will make sure that we will achieve this goal to ensure that India's agriculture is also able to feed the global economy," he added.

He also said that multi-

laterally there is also the need to work on removing trade barriers in order to boost Indian agricultural exports.

"We have right to have access to global markets for our farm produce by removing all trade restrictive practices," he said.

The Minister also said the government will work on developing agriculture parks in India.

India and China have, in a joint proposal to the WTO, called for eliminating trade-distorting agricultural subsidies given by developed countries, the Indian Commerce Ministry said last week.

"India and China jointly submitted a proposal to the World Trade Organisation (WTO) calling for the elimination -- by developed countries -- of the most trade-distorting form of farm subsidies known as Aggregate Measurement of Support (AMS), or 'Amber Box' support, as a prerequisite for consideration of other reforms in domestic support negotiations," an official statement here said.

"The joint paper reveals that developed countries, including the US, the EU and Canada, have been consistently providing trade-distorting subsidies to their farmers at levels much higher than the ceiling applicable to developing countries," it said.

"It counters the efforts by some countries to target the subsidies of the developing countries while letting the developed countries retain their huge farm subsidies," the statement added.

The subsidies by the developed countries amount to around \$160 billion. On the other hand, countries like India provide a subsistence amount of about \$260 per farmer annually, the ministry said.

Equities close in green, Nifty50 ends above 9,950-mark

Mumbai, Key Indian equity indices -- the NSE Nifty50 and the BSE Sensex -- surged from the flat zone to provisionally close on a higher note on Tuesday, with healthy buying witnessed in consumer durables,

banking and oil and gas stocks.

According to market observers, index heavyweights like Coal India, Reliance Industries, Adani Ports and Tata Motors aided the indices in their bull run.

The wider 51-scrip

Nifty50 of the National Stock Exchange (NSE) provisionally closed above the 9,950-mark. At 3.30 p.m., it closed at 9,952.20 points -- up 39.35 points or 0.40 per cent.

The 30-scrip Sensitive Index (Sensex) of the BSE, which opened at 31,755.16 points, closed at 31,809.55 points -- up 107.30 points or 0.34 per cent from its previous close at 31,702.25

points. The Sensex touched a high of 31,863.47 points and a low of 31,674.23 points during intra-day trade.

The BSE market breadth was bullish with 1,650 advances and 906 declines.

On Monday, the benchmark indices closed on a lower note on the back of negative global cues and heavy selling pressure in auto and banking stocks.

Taking on Apple, Samsung to bring Galaxy Note 8 to India on September 12

New Delhi, While tech lovers eagerly wait for Apple to unveil its next flagship smartphone on September 12, Samsung India will launch its Galaxy Note 8 in India on the same day.

Taking Apple head on, Samsung would launch the Galaxy Note 8 in New Delhi as Apple unfurls its next big device -- which may be an iPhone 8 -- at Steve Jobs theatre in Cupertino, California.

According to dealer sources, Samsung has also sent invites to statustation media, without naming the event, and speculation is rife that the invitation is for Samsung's latest flagship

device. Samsung was aware of the iPhone launch but was confident enough to launch on the same day owing to its strong leadership position in India, the sources told IANS.

According to the market research firm GfK, Samsung is the top brand in India with 43 per cent market share in the smartphone segment.

Samsung launched Galaxy Note 8 in South Korea in August. The device comes with the "Bixby" intelligent assistant, is water and dust resistant and houses an iris scanner.

Similar to the Galaxy S8 and the Galaxy S8+, Note 8 also sports "Infinity Display"
